

# XOANONS® Anti-graffiti and easy-cleanability leveling agent

## Model number

XOANONS®WE-D9302

## Suggest addition

Addition to total formulation 1-10%

## Specification

Composition Silicone-modified polyacrylate solution with hydroxyl functional groups

Appearance slight yellowish clear liquid

Solvent DPMA

Active substance 25%

Density 0.99-1.03g/ml(25 ± 1)°C

Viscosity 5-40s(Tu-4 viscometer)(25 ± 0.2)°C

Flash point > 80°C

Note: This datasheet is intended to give typical results, not standard. Subject to COA.

## Storage stability

Keep intact 24 months in original package. Products beyond the storage period may continue to be used after inspection. The container must be closed immediately after use.

## package

25KG / 180KG

## Application system

Solvent-based

## Properties

- Good compatibility in varnish.
- Improve water contact angle with the addition of 5%. Excellent hydrophobicity and oleophobicity.
- Good property of blocking resistance, wiping resistance from marker pen,

## Incorporation

Easy to add with pre-diluted solvent the same as that in the coating system. Can added as post-addition.
